

# Gripple Universal Clamp

**G GRIPPLE®**

# Introduction

Introducing the new Gripple® Universal Clamp for hanging all types of pipework within mechanical and plumbing services.

Because the pipe ring is adjustable to different pipe diameters it can be used to replace more than 11 traditional pipe clamps.

Can be used with the Gripple Y-pipe hanger.

## Advantages

- Universal - for pipe sizes 3/8" (ND10mm) to 2 1/2" (ND65mm)
- Up to 6 times faster than traditional methods
- Replaces more than 11 different pipe clamp sizes
- Dual connection thread M8/M10
- Temperature resistance: -40°C to +110°C
- Single piece cast construction - not welded
- Clamps all sizes securely
- No tools are required for installation
- No risk of losing screws on site
- Self click closure for easy and fast fixing
- Easy site storage, reduces waste
- Easy to calculate the quantity on a project plan

## Applications

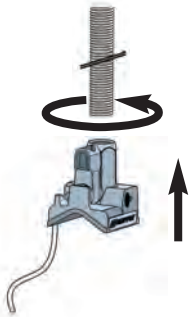

- Heating pipes
- Cold and warm water distribution pipes
- Gas distribution pipes
- Waste water distribution pipes
- Condensation pipes
- Refrigeration, cooling and air conditioning pipes (coming soon)

## Suitable for the following types of pipe

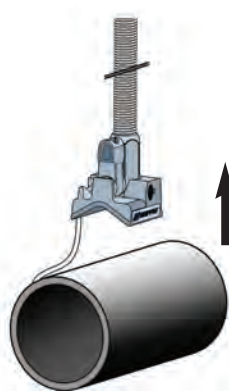

- Plastic
- Steel
- Copper
- Polyethylene Pipe

## Installation

Universal Pipe Ring on Copper  
(With acoustic insulation)

Universal Pipe Ring on Steel  
(Without acoustic insulation)

## Part codes

| Product                     | Part no.      | Load Rating | Safety Factor | Quantity per box |
|-----------------------------|---------------|-------------|---------------|------------------|
| Without acoustic insulation | GC2M8M10L350  | 0-45 kg     | 5:1           | 100              |
| With acoustic insulation    | GC2M8M10L350A | 0-45 kg     | 5:1           | 100              |
